

# GAUGE SYPHON

SSUB

SSOB

## DESCRIPTION

The pig tails and coil siphons are used for measurement of pressure with vapour and are mounted between the instrument (pressure gauge, pressure switch, pressure transmitter) and the process. A part of the pipe remain always filled of condensation and this avoid the direct contact between the high temperature vapour and the instrument. Another use of these accessories is the heating dispersion, this avoid also to the instrument to work at dangerous temperature.

## MODEL

Model	Connection
SSUB	BSP
SSOB	BSP
SSON	NPT

## INSTALLATION

## SPECIFICATIONS

Type	U & O
Materials	SS304
Size	1/2"
Connection	Thread
Pressure	40bar
Temperature	400°C
